"My name is Sveta, and I am pregnant with my third child. At first, I was very confused and didn't want to give birth because there was a significant age gap between my children and my husband is disabled. However, my neighbor invited me to the Life Center. I went, and after our consultation, I was determined to give birth. I have found friend there and support." **Sveta, Kamianets-Podilskyi.**

"I never thought I would find myself in such a situation. The news of another baby was emotionally, psychologically, and financially challenging. A friend invited me to a consultation at the Rivne Life Center, and I decided to attend the meeting. I really liked the atmosphere and the warm-hearted people who genuinely care about pregnant women facing similar situations. Volunteers at the Life Center helped me avoid falling into depression. I am grateful for the gifts, vitamins, and necessary baby items. I am delighted to have found such a supportive Center in Rivne." **Olena, Rivne**

Timothy K Lynn's Inspiring Journey with Save a Life International

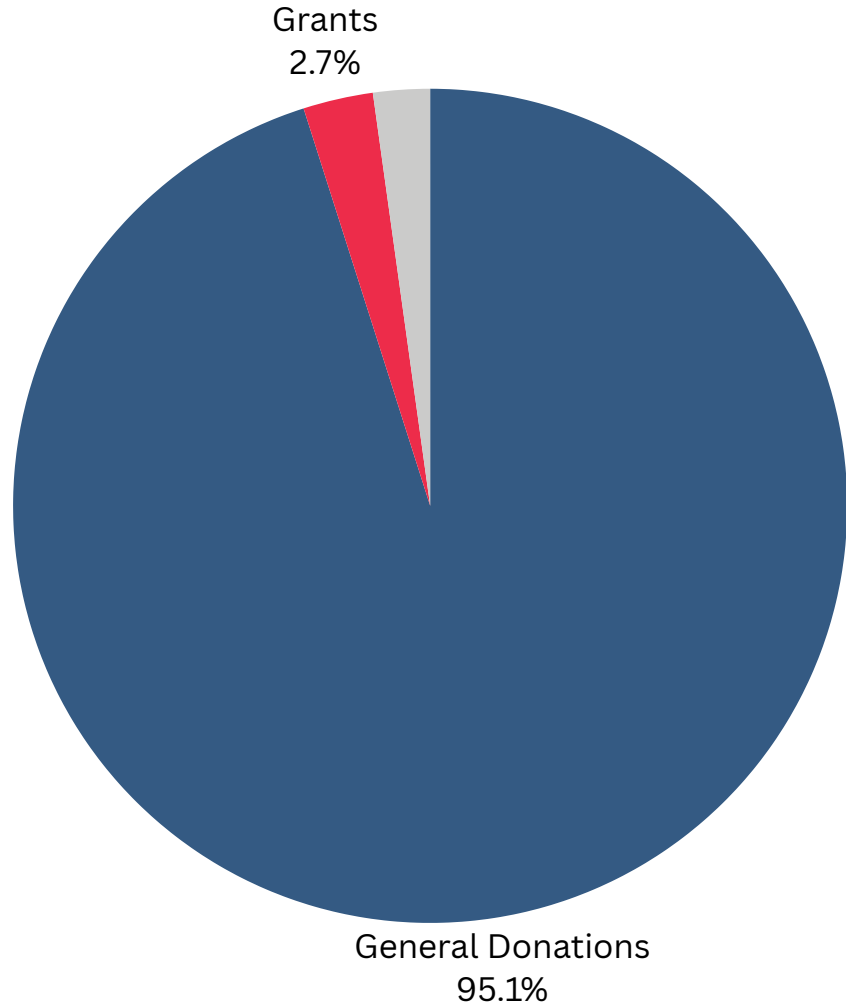

We are thrilled to introduce you to one of our esteemed supporters, Mr. Timothy K Lynn. His heartfelt journey and commitment to our cause are a beacon of hope, encouraging others to join the noble mission of Save a Life International.

Timothy's story begins at the age of 16 when he found himself facing the unexpected challenges of fatherhood. Instead of succumbing to fear and uncertainty, Timothy embraced the responsibility with a determination to protect and save the life growing within. This moment ignited a passion within him to advocate for The Sanctity of Life, Woman's Dignity and Love.

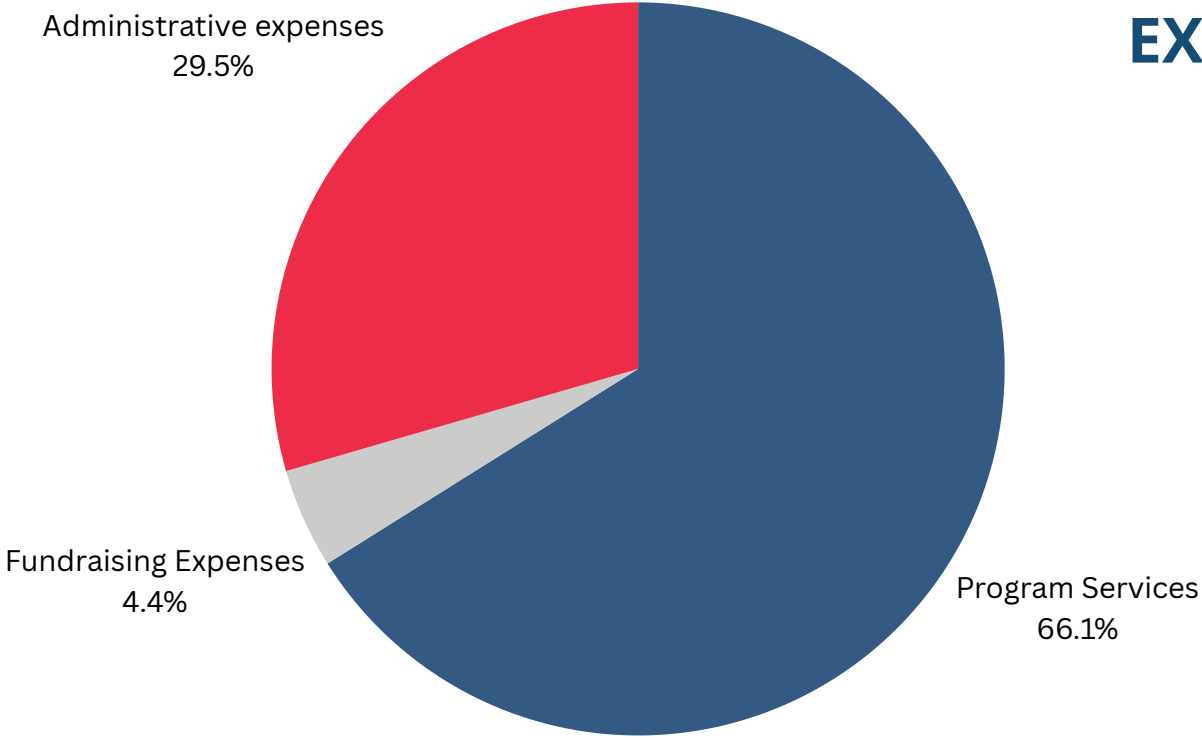

Today, Timothy is not just a father but a speaker, author, teacher, and business owner. His for-profit business has become a powerful force for good, incorporating a unique model that not only focuses on financial success but also on giving back to God's Kingdom. Save a Life International is privileged to be one of the beneficiaries of Timothy's generosity.

In Timothy's own words, "I love the life God has given me and I love to see how God saves unborn babies through the Save a Life International, mothers are educated and receive help. I am so blessed to be a part of this amazing team. We together saved generation's of children all for the Glory of God !"

From Struggles to Salvation: Sasha's Journey with Save a Life International

I'm Sasha, 29 years old. In October 2020, facing financial struggles and unsure about providing for my child, my gynecologist shared Save a Life International's phone number and this changed my life.

At the Chernivtsi Life Center, volunteers became my support, offering not only practical help but crucial psychological support throughout my pregnancy. Post my daughter Diana's 2021 birth, we faced challenges—my brother injured in the ongoing Ukraine war, constant worries for the family in the conflict. Family issues with my husband began, marking a struggle to preserve our family.

*Save a Life International provided unwavering support, teaching me patience, love, and faith. The volunteers became like family to me, each leaving their mark on my life. Through Save a Life International, I joined the "Reconciliation" Christian church in Chernivtsi, I started reading the Bible. Those were my first steps on the path to the Lord. **The Life Center transformed my life, reigniting my faith, altering my attitude, and saving my marriage. Grateful for every volunteer's impact, I recently embraced baptism, feeling the Lord's presence.***

I appreciate every stage of my life, the lessons, joy, and trials. Today, I serve others, share my story, and express gratitude to the Lord for each day of life.
